The Great International Christian Endeavor Convention at Cleveland in July.

Cleveland, the favored city, which among its other claims to distinction, has had the honor of securing the thirteenth annual convention of Christian Endeavor, is delightfully situated on the southwestern shore of Lake Erie, at the mouth of the Cuyahoga river. A more beautiful or delightful place in which to hold such a gathering would be hard to find; no large city has offered so many of nature's charms to counteract the oppressiveness of the July sun.

Cleveland now numbers more than 300,000 inhabitants and covers an area of twenty-six square miles. A city which controls the "sail and movement" of more than half the iron in the entire nation, and whose capitalists own four-fifths of the vessel property used in the traffic. Cleveland has the largest shoddy mills in America, and numerous other manufactures. Cleveland is especially fortunate in educational advantages from kindergartens to university. Cleveland is more noted for beautiful residences than for handsome business blocks, yet she can boast of the finest arcade in the world, and not a few business blocks to which she can point with pride. The Society of Savings has a massive stone building, containing about \$1,000,000. Visiting Christian Endeavours will be repaid by a visit to the interior, further rewarded by a fine view of the city from the top of the building. Then there are the parks, ten included in the city proper. No one should visit Cleveland without seeing the Garfield memorial in Lake View cemetery. Cleveland has an unequalled electric street railway system.

You cannot afford to miss this convention. It promises to be the largest and the best ever held in the history of Christian Endeavor movement. No pains or expense is being spared in preparing the programme. The best speakers are being secured. You cannot afford to miss it; it is an opportunity of a lifetime. Times may be hard and money scarce, or there may be some other place of interest you have been planning to visit; it does not matter what the excuse, you cannot afford to miss the Christian Endeavor convention July 11-15. Have a notebook, so you will not have to depend on your memory for the many things you wish to remember. Make spiritual preparation for the convention. Pray God's blessing upon it. Bring your friends with you.

## HOW TO SECURE ENTERTAINMENT.

Do not write to Cleveland, but to your state excursion manager. The plan has been adopted of giving every state a church as headquarters. In this way delegates from the same state will be kept together. All delegates should come with their excursion, as the chances for desirable location will be better. All delegates who expect to come with their excursion should select room-mates, decide what accommodation they want and price.

One of the most important matters connected with the preparations for an international Christian Endeavor convention is the hall facilities. The main auditorium, located on Scoville avenue, is a large square wooden building covered with stucco. Secretary Baer has said it is the best hall that has been offered for convention purposes. It has eight entrances and exits. Ventilation is the best. More than 100 windows hung on pivots will admit the salubrious lake breezes.

The seating will be so arranged that no one will be more than 125 feet from the speakers. It has a series of small rooms for committee meetings. One large room will be set aside for state bulletins; state officers, excursion managers, &c., to post notices.

White and gold Cleveland "colors," with the stars and stripes, and Union Jack, will be the chief decorations. The building will hold 10,000 people. The second auditorium, a mammoth tent, will also seat 10,000; besides two large churches nearby have been secured for overflow meetings. Fifteen of the largest churches in the city have been secured for the Wednesday night meeting. Upon arriving at state headquarters, the delegates will be taken care of by the joint entertainment and reception committee. They will register and receive their badges; only by displaying the badge can entrance be gained to the halls.

## THE MUSIC.

Music is a most important part of Christian worship. Sacred music was a prominent feature of Jewish worship. The early church found help and inspiration in Christian songs. Only during the dark ages did the church hang the harp upon the willows. One great song stands out in Jewish history—the Dedication Anthem of Solomon's Temple, when thousands of musicians and singers blended their voices to make the song the grandest ever heard. If it has ever been paralleled or surpassed the international gatherings of the society of Christian Endeavor have been responsible for it. Think of 20,000 young people "singing together with grace in their hearts unto the Lord." Two choruses comprising 1,000 young people will lead the convention in song.

Mr. Percy S. Foster, of Washington, D. C., who led Mr. Woody's great choir of 1,700 voices in that city will lead one of them, the other being conducted by Mr. J. C. Warren, Cleveland, O., and Mr. H. C. Lincoln, of Philadelphia, Pa. The Park Sisters with their cornets have been secured. A chorus of native Africans will be heard in their wild, weird songs of the dark continent. Mr. Moody's quartette, of Chicago, who sang to vast audiences at the World's Fair, will also be there. "Pansy" will read an original Christian Endeavor story at one of the Wednesday night meetings. Governor McKinley will deliver one of the addresses of welcome. Other attractive features are being planned, but cannot be all mentioned.

here. Come to "Cleveland '94" and you will say with the queen of Sheba "the half was not told me." The enthusiasm and inspiration of "Cleveland '94" will kindle new life in our souls and carry us triumphantly through the year. For further information write the excursion manager of West Virginia, L. B. Hull, Grafton, W. Va.
